We may deny your deletion request if retaining the information is necessary for us or our service provider(s) to:

1. Complete the transaction for which we collected the personal information, provide a service that you requested, take actions reasonably anticipated within the context of our ongoing business relationship with you, or otherwise perform our contract with you.

6. Engage in public or peer-reviewed scientific, historical, or statistical research in the public interest that adheres to all other applicable ethics and privacy laws, when the information's deletion may likely render impossible or seriously impair the research's achievement, if you previously provided informed consent.
7. Enable solely internal uses that are reasonably aligned with consumer expectations based on your relationship with us.
8. Comply with a legal obligation.
9. Make other internal and lawful uses of that information that are compatible with the context in which you provided it.

Exercising Access, Data Portability, and Deletion Rights

To exercise the access, data portability, and deletion rights described above, please submit a verifiable consumer request to us by either:

- Calling us at (833) 342-0984; or
- Submitting this online [form](#).

Only you, or someone legally authorized to act on your behalf (an “Authorized Agent”), may make a verifiable consumer request related to your personal information. You may also make a verifiable consumer request on behalf of your minor child. We may request written permission from you before honoring any requests made by an Authorized Agent. Any identity verification, noted below, may still need to be completed by the consumer directly.

You may only make a verifiable consumer request for access or data portability twice within a 12-month period. The verifiable consumer request must provide sufficient information that allows us to reasonably verify you are the person about whom we collected personal information or an authorized representative. If there is a need to verify your identity prior to releasing information in accordance with your request, we will contact you at the phone number you provided in your request submission. At that time, we will conduct additional knowledge-based authentication to ensure that only those people who have a legal right to obtain information can do so.

We cannot respond to your request or provide you with personal information if we cannot verify your identity or authority to make the request and confirm the personal information relates to you. Making a verifiable consumer request does not require you to create an account with us. We will only use personal information provided in a verifiable consumer request to verify the requestor's identity or authority to make the request.

Response Timing and Format

We endeavor to respond to a verifiable consumer request within forty-five (45) days of its receipt. If we require more time (up to 90 days), we will inform you of the reason and extension period in writing. We will deliver our written response by mail or electronically, at your option.

Any disclosures we provide will only cover the 12-month period preceding the verifiable consumer request's receipt. The response we provide will also explain the reasons we cannot comply with a request, if applicable. For data portability requests, we will select a format to provide your personal information that is readily useable and should allow you to transmit the information from one entity to another entity without hindrance.

We do not charge a fee to process or respond to your verifiable consumer request unless it is excessive, repetitive, or manifestly unfounded. If we determine that the request warrants a fee, we will tell you why we made that decision and provide you with a cost estimate before completing your request.

Non-Discrimination

We will not discriminate against you for exercising any of your CCPA rights.

Changes to This California Policy

Blue Trust reserves the right to amend this California Policy at our discretion and at any time. When we make changes to this California Policy, we will post the updated California Policy on our website and update the policy's effective date.
